lighting - **z-bar solo**

KONCEPT

## lighting - z-bar solo

### Features

The Z-Bar Solo task lamp, from Koncept in the US, features a LED head that can swing up and down and pivot left and right to light up whatever and wherever you want. Slide your finger along the touchstrip to dim gradually, or touch anywhere on the strip to jump directly to any brightness, including off.

Compatible with optional occupancy sensor.

### Sustainability

Energy & Atmosphere:

LED lighting to reduce energy consumption.

Innovation In Design:

Z-Bar Solo features the original three-bar design for maximum reach and flexibility. The LED head can spin in its socket, sweep side to side, and rotate around the end of the arm to point in any direction. The lamp also features a built-in touchstrip for brightness adjustability.

Materials & Resources:

Lamps contain parts made out of 10% pre-consumer recycled content.

Lamps contains 40% pre-consumer recycled material by weight.

Aluminium housing is fully recyclable.

All colour finishes use water-based paint.

All cardboard used in packaging is FSC certified.

LEDs do not contain mercury.

\*in standard configuration (includes transformer and weighted base)
