

MOON STOOL

MOON STOOL

MOON STOOL

Designed by CRS Sitia Design, the Moon Stool is perfectly designed to suit the outdoor climate. The stool is part of a series of chairs with arms and without arms, the Moon collection has been designed and manufactured in Italy by Sitia.

The outdoor collection permits to take advantage of outdoor spaces rediscovering a real harmony with nature. Effective elements to meet different requirements.

The anti-scratch treatment creates high resistance to direct sunlight and atmospheric agents.

Designed and manufactured in Italy by Sitia, the Moon collection is highly resistant to direct sunlight and atmospheric agents. With a wide variety of pastel colour options available, the Moon Collection suits any interior or outdoor environment.
