

URBANTIME

URBANTIME

URBANTIME

Designed by Alberto Basaglia & Natalia Rota Nodari, Urbantime's timeless design that enriches any environment. Adding curves to open urban spaces, both outdoor and indoor, making way for the designer's creative flair. This clever design provides flexibility to any environment with the ability to create any configuration through straight, curved and freestanding modular pieces.

A bent pipe structure, diameter 18mm, made of stainless steel or epoxy powder coated steel tube is available in wide range of different colours.

Urbantime also features a hot-dip galvanized steel option for outdoor use. Ready-equipped for fastening to the ground with bolts or steel linking plate.
