

# YEN

# YEN

## YEN

Yen is a stylish and smart side table, designed to accompany lounge seating in break out and reception areas.

For use as a portable work surface or a drinks table, Yen is an eye catching and functional addition to any interior.

*"The idea behind the Yen project was to design something clean and unobtrusive with a hint of visual complexity. When simplicity meets complexity you have Yen."*

~ Adrian Bragagnolo,  
**Industrial Designer**  
UCI Manufacturing

## DESIGNER

UCI Design Studio
