

Interchange Sit-Stand Flip Table

Now offering multiple possibilities in
your workplace.

Welcome the Interchange Sit-Stand Flip Table

Designed by the UCI Design Studio, the Interchange Sit-Stand Flip Table is a game-changer in workplace versatility.

A perfect solution for any boardroom, breakout space or meeting area that can easily be moved using our unique lockable castors, as well as quickly tilted for compacting storage or to allow more room in any area of your workplace.

The sit-stand flip table also comes with a battery for sit-stand operation to allow flexibility without mains power cable.

This is a truly versatile product that offers a range of solutions in terms of portability, height adjustment and ease of storage for any workplace.

Interchange Sit-Stand Flip Table

The Interchange Sit-Stand Flip tables custom-designed frame allows all electrical components and cables to be hidden, providing a clean and elegant look when tilted.

To tilt the table, it is as easy as releasing the handle for the worktop to tilt to 90°. Fitted custom springs allow balanced resistance, taking the weight of the worktop on the way up and on the way down before self-locking when closed.

CONFIGURATIONS

SPECIFICATIONS

Height Adjustment Type:

Electric Height Adjustable
720mm - 1370mm

Worktop Width Range:

1100mm - 1300mm
1301mm - 1600mm
1601mm - 1900mm
1901mm - 2100mm

Worktop Depth Range:

750mm - 1000mm

Flip Angle:

90°

Feet Options:

75mm locking castors
Load capacity 113kg per castor

Battery Specifications:

Rechargeable Li-ion battery cells

Battery alarm (audio) when charging is needed

Battery charging indicator (status LEDs) indicating the capacity level

Thermal switch protection, overcurrent protection

Battery capacity: 2.5 Ah / 63 Wh

Nominal voltage: 25.2 V DC

Mounting bracket for easy mounting/demounting when charging is needed

Note: Battery charger sold separately

Warranty:

10 year warranty on structural components
10 years on actuators & controls
1 year on batteries

Certification:

Features:

Made in Australia
CKD Construction

Options:

UCI Manufacturing powder coat colour range available

Materials:

Australian mild steel tube and extruded aluminium
Your Choice of laminate top
Handle Mechanism supplied in Antimicrobial black satin powder coat

Product Lifecycle:

UCI Manufacturing is committed to its impact on the environment. All workstation frames manufactured by UCI Manufacturing are designed for disassembly and are 95% recyclable.

Note: client specified materials are excluded from this statement.

With the use of basic hand tools UCI Manufacturing workstation frames can be broken down into raw material elements such as aluminium, steel and plastic (Moulded plastic components greater than 50gm in weight have recycling logo identification).
