

Contorto

An elegant modern design choice for
the home or office

Contorto Family

Designed by the UCI design studio Contorto side and coffee tables have been an elegant choice in both home and office settings. Using this same elegant construction and simplistic design the design studio has expanded the Contorto family further by adding the Contorto Stool.

This Contorto family features a striking silhouette with its modern design and three heights across the stools and tables, enabling it to be used easily in any office, bar, hotel, home or school setting, truly endless possibilities.

Contorto Stool

Contorto Stool is constructed from welded 10mm Australian steel rod to form a strong durable frame.

Available in three different heights, with a polished wooden seat in two finishes or an upholstered foam seat with your choice of fabric, the stool is a flexible addition to the Contorto range.

Product Lifecycle:

UCI Manufacturing is committed to its impact on the environment. All workstation frames manufactured by UCI Manufacturing are designed for disassembly and are 95% recyclable.

Note: *client specified materials are excluded from this statement.*

With the use of basic hand tools UCI Manufacturing workstation frames can be broken down into raw material elements such as aluminium, steel and plastic (Moulded plastic components greater than 50gm in weight have recycling logo identification).
