# ECLIPSE

## ECLIPSE

This family of chairs was created to celebrate the 50th anniversary of the moon landing. A continuous line, curved like the elliptical orbits of the spherical planets, generates a clean and essential seat, which conveys lightness.

Eclipse, with a vintage appeal, is a chair with a good balance between comfort and aesthetics. Epoxy-coated or chrome-plated metal frame. Fiberglass-reinforced polypropylene monocoque with anti-UV treatment, even in the flame retardant version.

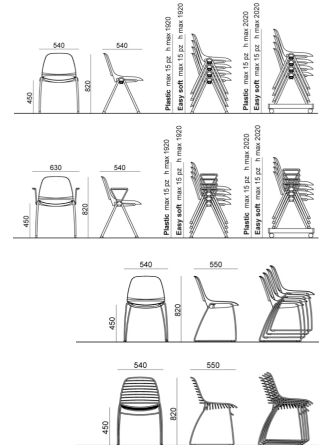

## FEATURES

- Contemporary design
- Made in Italy
- Steel tube frame
- Stackable
- Thermo-coated polypropylene (PP) seat

## OPTIONS
