## TAKEAWAY DESK

The Takeaway Desk provides a truly fluid spatial solution, allowing you to create a new work and study environment as business and circumstances demand.

The Takeaway Desk is the perfect inexpensive solution for creating an ergonomic home office fast.

This desk is specifically designed and manufactured to fit anywhere, in your home or office. It comes as a flat pack with powder-coated metal legs that simply screws into the top, making it easy to be set up or packed away.

The Takeaway Desk is Australian made and complies with Australian safety standards
