## FENCE SCREENS

Fence provides privacy to individual desks and table, its unique form can be configured to meet the need of any desired space. Fence's curved lines open a range of possibilities moving away from rigid office structures.

With two materials to choose from Fence creates versatility to the desirable and inviting work environments.

Panels are made using metal or PET material that contains high percentage of recycled and recyclable materials.

Fence is Australian made and uses a unique manufacturing process to achieve its curved form, it is available in a wide range of colours to choose from.
