

Fence Mura Stitched Screen

An easy screen add-on to any
existing worktop

Fence Mura Stitched Screen

The Fence Mura fabric stitched screen is a light weight work top mounted screen designed to pair with UCI's sit to stand workstations. The unique upholstery technique details an embossed edge highlight by a stitched seam for added durability. The radius corners and soft edges help define a warm sanctuary for the user.

Manufactured in Australia by UCI enables designers to specify screen sizes and finishes to compliment the colour pallet of the user's environment.

SPECIFICATIONS

Width Range:

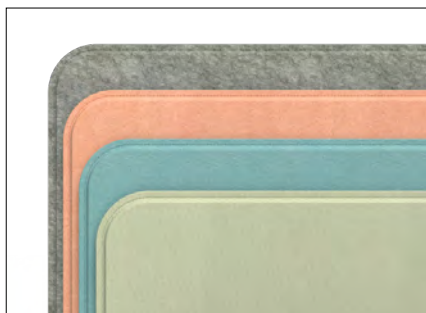

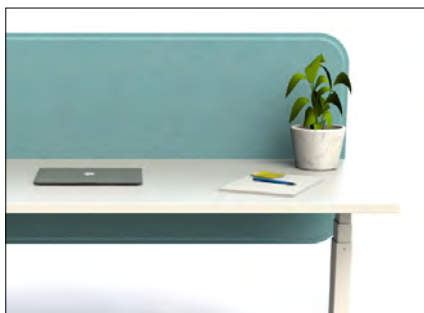

900mm - 2400mm

Thickness:

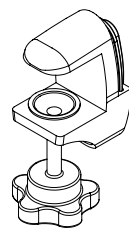

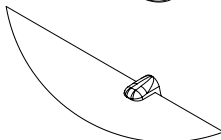

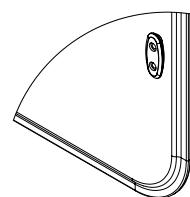

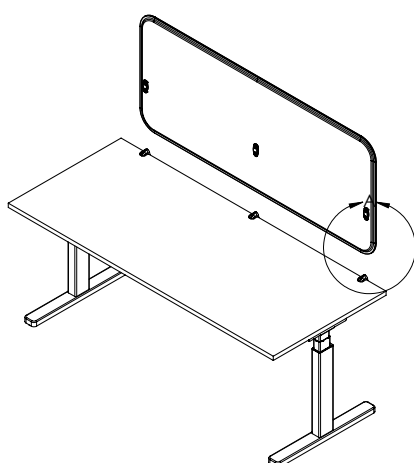

13mm

Height Above Worktop

300mm - 650mm

CONFIGURATIONS

The Fence Mura fabric stitched screen is simple to mount on any work surface with the toolless mounting clamps. Once the clamp has been mounted to the work surface using the thumb screw the screen can be dropped on the clamp.

This unique design makes cable management a breeze, simply lift the screen off the mounting clamps to position monitor cables at the rear of the desk then position the screen back onto the clamps.

Mura™ Multiple Colour Options

The Fence Mura Fabric stitched screen uses Woven Image Mura™ fabric with a composition of 100% PET with 60% from recycled PET bottles further enhancing UCI's GECA certified Fence screen.

Note: Woven Image Mura™ fabric subject to change by Woven Image.

Materials:

Constructed from FSC certified E0 LDF and 100% PET Mura Fabric.

Product Lifecycle:

UCI Manufacturing is committed to its impact on the environment. All workstation frames manufactured by UCI Manufacturing are designed for disassembly and are 95% recyclable.

Note: *client specified materials are excluded from this statement.*

With the use of basic hand tools UCI Manufacturing workstation frames can be broken down into raw material elements such as aluminium, steel and plastic (Moulded plastic components greater than 50gm in weight have recycling logo identification).
