

MR. GO

MR. GO

MR. GO

Mr. GO! is a portable lantern comprised of a unique, curved light panel design that acts as a natural handle.

Charge the built-in, powerful batteries using the USB port and enjoy 5-50 hours (depending on the brightness setting) of cordless light.

Hang this quirky lamp from an umbrella or tree with the included leather strap. A standard USB output port allows users to charge their compatible devices on the go, making mr. GO! the perfect companion for many occasions.

ENVIRONMENTAL CONSIDERATIONS

- Fully recyclable aluminum
- Water-based paint
- LEDs do not contain mercury
- Low power consumption
- LEED credit eligibility
