KONCEPT

Features

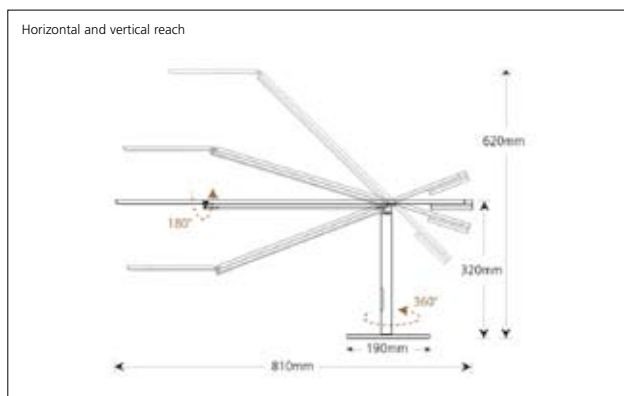

The multi award-winning Equo desk lamp, from Koncept in the US, features a discreet counterweight design for feather-light adjustability.

One finger is all you need to adjust the floating arm's position. The special neck joint maintains the head's tilt as the arm swings up or down. Slide your finger along the stem's touchstrip to control brightness and power. The luminaire head is rotatable in 180 degrees and is detachable for easy replacement.

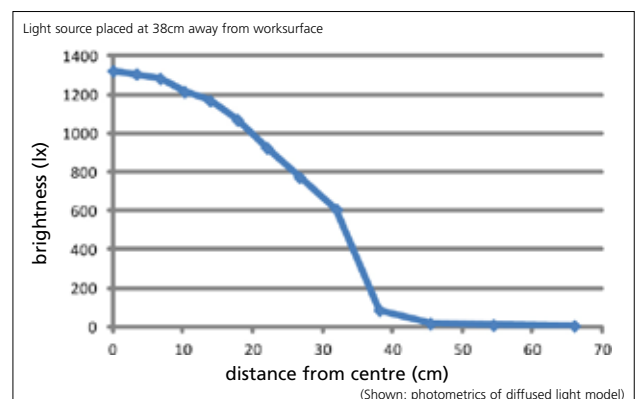

Compatible with optional occupancy sensor.

Specifications

Transformer (100–240 V; 50/60 Hz): Included – C-UL-US Certified

Energy Consumption: 6 watts

Number of LEDs: 28

LED Rated Lifespan: 50,000 hours

Color Temperature (Typical) – Cool: 4,500 K

Color Temperature (Typical) – Warm: 3,500 K

Color Rendering Index (CRI): 85

Dimmer: Built-in touchstrip

Brightness Adjustability: Continuous

Color Finish: Black, Silver, Orange

Material: Aluminum/Plastic

Cord Color: Black

Cord Length: 22mm

Sustainability

Energy & Atmosphere:

LED lighting to reduce energy consumption.

Innovation In Design:

Equo® incorporates a unique combination of features including feather-light adjustability with counterbalance mechanism, flicker-free touch sensitive dimming, and constant angle joint stabilization.

Materials & Resources:

Lamps contain parts made out of 10% pre-consumer recycled content.

Lamps contain 34% pre-consumer recycled material by weight.

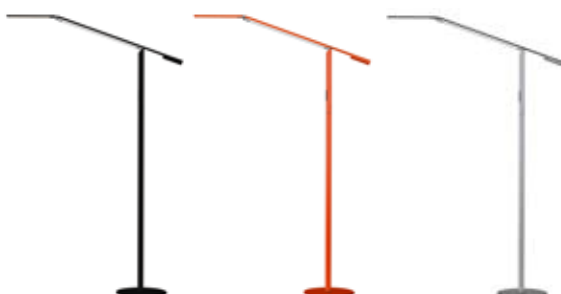

Aluminium housing is fully recyclable.

All colour finishes use water-based paint.

All cardboard used in packaging is FSC certified.

LEDs do not contain mercury.

*in standard configuration (includes transformer and weighted base)
