

ZODIAC

screen system

flexible.

How we work has changed dramatically in the last decade. Today's workplace requires flexibility to cater to the varying needs of employees and to suit various work styles and preferences.

Zodiac offers a range of applications to meet these challenges today, and the choices to adapt to the needs of tomorrow.

limitless.

Zodiac screens can be customised to meet the needs of any project. Size, colour, junctions and configurations are all custom-made here in Australia to your unique preferences. The applications of Zodiac screens are truly limitless.

ZODIAC

collaboration vs segregation.

Zodiac screens can transform any workplace by creating collaborative or segregated working environments. We can custom make the screens to suit the working environment that you are trying to create for optimum performance and productivity.

Collaborative workspaces

encourage teamwork and open communication.

Try Zodiac Frameless, Zodiac Rubik or Zodiac 22

VS.

Segregated workspaces

require privacy and good acoustic properties for effective individual performance.

Try Zodiac 50 or Zodiac 75

the zodiac family.

Zodiac Frameless

These frameless screens allow for definition of workspaces without creating barriers. Great for adding a pop of colour where needed or adding extra height to other Zodiac screens. Different styles available in echopanel, acrylic and fabric.

Zodiac Rubik

Zodiac Rubik is a 22mm thick screen system that is suited to fabric and Echo Mura finishes. Rubik is unique in its design, as it has no visible screen connections providing a seamless look.

Zodiac 22
At 22mm thick these slimline screens provide minimal division, yet allow privacy when required.

Zodiac 50

At 50mm thick, these screens are capable of carrying larger amounts of accessories, are freestanding and provide a full height option.

Zodiac 75

At 75mm thick, Zodiac 75 has the structural strength of 50mm screens, but with more space to reticulate power and data cabling as well as air conditioning (with Zodiac Task Air).
